

Delineating a three planet combinations

This is a simple essay question to help us see the level of your chart delineation skills. This skill is essential for entry into either the Fixed Star Diploma or the Medieval Astrology Diploma as Bernadette assumes that all students in these advanced diplomas are capable of working with full charts.

Please email you essay as an attached word document to office@astrologos.co.uk
Your essay also needs to have your name and email address listed. Thank you.

Kathryn has a Venus-Mercury conjunction in Libra in the 2nd house square Saturn in Capricorn in the 5th house. While at school, Kathryn discovered the world of blues and jazz and began composing music. When she left school she began deejaying at the local radio station whilst writing jazz songs for her brother's band. While singing in a friendly jam session with them one day, they suggested she front the band. She was at first reluctant but found she could lose herself in the music. Kathryn has gone on to make a minor name for herself both as a singer and composer of jazz and blues music. Her difficulty is that she has never found a successful long-term relationship. Discuss her attitude to relationships and what she can do to help this aspect in her chart.

(Length: 500 words) .
