

ASTRO LOGOS ASTROLOGICAL DIPLOMAS

For those of you who want to begin to work as an astrologer, or those of you who already work as a professional and want to expand what you offer to your clients.

FIVE REASONS TO STUDY WITH ASTRO LOGOS:

1. World class tutoring

All teaching is by Bernadette Brady and Darrelyn Gunzburg. You are not assigned to a committee of tutors.

2. Astro Logos has been teaching since 1990

We know how to guide you through the learning curves not only of required techniques but also how to pour them into your astrology to enrich your work.

3. Small online tutorials – one-to-one teaching

You can develop a one-to-one mentorship relationship with Bernadette or Darrelyn, enabling the teaching to be focused on your needs, as well as developing long-lasting connections with your fellow students.

4. We are serious about astrology. Our courses are 'slow food' not 'fast takeaway'. We do not believe that there is a quick and easy way to learn astrology. Hence our diplomas are structured to enable you to take the time needed to process the work.

5. Astro Logos graduates become practicing astrologers

From the moment you enrol with us we help you to take the steps we know you will need in order to see clients, write astrological articles, and speak at conferences. You will be required to send in written assignments. Furthermore we set up practical 'consultations' so you can polish your consulting technique.

ASTRO LOGOS DIPLOMA OF ASTROLOGY

PART ONE: NATAL ASTROLOGY

Chart reading looks simple when it is done by a professional. However, reading a chart demands that you juggle many components until the pattern emerges. This commencement course in two parts is held online on Saturdays and Sundays for 2-hours over consecutive weekends as both lectures and practical sessions. It is tailor-made to guide you through those first puzzling steps of delineation until you feel comfortable enough to do it yourself.

The 5-month Diploma Delineation Module that follows builds on the astrological education you have received through the two Astro Logos online schools. It continues the work you covered on simple aspects and teaches you how to link the parts of the chart together in order to read it as a totality. You are taught how to look for and define the themes and issues which make up the complete personality, how to assess the Achilles heel of the chart and, most importantly, how to lead a client to understand how to use what is fated in the chart with their free-will.

PART TWO: PREDICTIVE ASTROLOGY

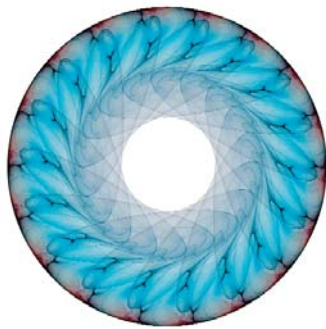

The 5-month Predictive Astrology Module is divided into two parts:

Level One teaches you the basics of Predictive Astrology, the way to think of Fate and Freewill, how to find and work with transits and how to read them. We educate you about Secondary Progressions, including the Secondary Progressed Luration Cycle, and train you in how to link transits and Secondary Progressions together as a Time Map and to read them for a client. The main text you will be using is *Predictive Astrology: The*

Eagle and the Lark by Bernadette Brady (York Beach: Samuel Weiser, 1998).

Level Two is designed to help you in the consulting room when dealing with a client's predictive work and covers Returns, Wyn Key Cycles, Eclipses, and Fidaria. It then focuses on how to put this all together. This level of study builds on what has been learnt in Level One and explores the many ways that the future can be viewed for a client. You will discover what predictive techniques can best help your client.

POSTGRADUATE DIPLOMA - FIXED STARS AND VISUAL ASTROLOGY

The Fixed Star and Visual Astrology Diploma is an accrediting diploma designed to teach you how to work with the fixed stars and visual astrology using the original methods employed by astrologers before the days of Ptolemy. You will be taught how to weave these techniques with the natal chart to give a deeper understanding of planetary aspects and combinations. If you are a consulting astrologer this diploma will enhance and deepen your astrology and allow you to offer a unique astrological service to your clients.

The course consists of 3 semesters. Each semester lasts for 4-5 months and includes a once-a-month on-line seminar in fixed stars and visual astrology. Each Semester has 2 written assignments.

POSTGRADUATE DIPLOMA - PRACTITIONER OF MEDIEVAL ASTROLOGY

Medieval astrology, unlike the traditional astrology of William Lilly, lends itself to the modern astrologer's tool kit as it is a tapestry of techniques and philosophy. Unlike psychological astrology or modern astrology, in medieval astrology the cosmos is external to the individual and focused on the world around the individual. However, when combined with the internal cosmology of contemporary astrology, one gains a beautifully complete astrological tool of working with both the inner psyche of the individual as well as their outer world. This blend, like a fine wine, produces an insightful, compassionate and rich astrology.

The Diploma is taught over 4 semesters. Each semester is studied over a 4-month period. The first semester is focused on planets, signs, houses, aspecting and Medieval Aristotelian philosophy that underpins these techniques. The second and third semesters look at actual techniques, for example examining a chart for information on fame or success, money, profession, parents, family, soul and the client's view of God and their spiritual pathway. The fourth semester is devoted to medieval astrological predictive techniques. Each semester has four written assignments plus an end of semester paper to be completed.

All courses apart from the two Chart Reading intensives, are delivered as multimedia CDs which contain MP3 files, as well as the handouts and monthly online tutorial schedules. All seminars and tutorials are conducted in CloudMeeting, a full video conferencing package which is provided free of charge to each student and which runs on a PC or MAC with a Windows partition/Parallels.

CURRENT FEES

as of September 2010, please visit our web site for current fee information:

Chart reading - Part One: Introduction: £225 (includes VAT) all students
Chart reading - Part Two: Practical : £172.50 (includes VAT) all students

Fixed Stars and Visual Astrology Diploma:

EU students £365 / non-EU students £321.81 per semester.

Practitioner of Medieval Astrology Diploma:

EU students, £365 / non-EU students £321.81 per semester.

WHO CAN ENROL IN AN ASTRO LOGOS DIPLOMA?

Chart Reading is open to all students who know the basic components of astrology.

The Diploma of Astrology is open to all those who have completed Chart Reading Parts One and Two, unless a case can be made to bypass this by completing a short written paper.

Either module of the **Postgraduate Diplomas of Astrology** is open to those who have a basic, standard astrological background, achieved after at least two years of study, for this course is designed to be an overlay to your already-solid basis of either psychological or traditional astrology and to be a gateway for astrologers into the enthralling workings of either Visual Astrology and Fixed Stars or the world and practice of contemporary Medieval Astrology.

However, since all students come under the personal tuition of Bernadette Brady and Darrelyn Gunzburg for the Postgraduate Diploma of Astrology, you will need to be accepted as a student before you can enrol.

Astro Logos has been teaching astrology since 1990,
